COUNCIL MEETING.**The Question of Prohibiting the Sale of Liquor to Yaquis Brought Up.**

The regular monthly meeting of the city council was held in the council chambers Thursday evening with a full attendance of the members. After the auditing of the regular bills of the month and other routine matters had been transacted, the matter of prohibiting the sale of liquor to Yaqui Indians was brought up and given a good deal of careful consideration. As every resident of Tempe knows, there have been of late a good many disgraceful affairs in which drunken Yaquis were chiefly concerned. The assault on Constable Sigala a week ago and its almost fatal termination, brought to the attention of the council in a forceful manner, the fact that it was about time something was being done. During the week the matter was talked of quite a little on the streets and wherever it was discussed, the proposed measure met with approval. The farmers realize that if Yaquis could not get booze they would make much better workmen and since it is a matter of necessity that they be depended upon to a considerable extent here for help, they quite naturally are in favor of seeing something done. Law abiding citizens are more than anxious that the matter be taken in hand and it is understood that the saloonmen will offer no serious opposition to such a ruling. One saloonkeeper and one who probably does as much business with that class of trade as any other, has said that he would be perfectly willing to stop selling them liquor if the other saloonmen of Tempe would do the same. The Yaqui is not a highly profitable customer. He gets drunk on two-bits or a little more, and the loss of his trade would not be greatly felt by the saloons of Tempe.

The council reasoned that under the above conditions, it might not be entirely necessary to pass an ordinance; another method would be first given an

trial. Accordingly, it was moved by Councilman Goodwin and seconded by Councilman Fogal, that the city attorney draw up a letter requesting each saloonkeeper to refrain from selling liquor of any kind to these Yaquis. This letter will be officially signed by the marshal and a copy of it given to each saloonkeeper in town. The result will be noted and if satisfactory, no further action will be necessary. If, however, there are no favorable results, an ordinance prohibiting the sale of liquor to them will be passed and a penalty will be attached to its violation.

The contract for tapping the town water mains having expired, the clerk was instructed to advertise for bids for doing the work. The treasurer's monthly statement showed that the water works sinking fund has \$5000 dollars out at interest and that there is still money in the fund.

AGENT GILL HERE.

He Reports Things Quiet at McDowell But Has Resigned His Position.

Sub-Agent W. H. Gill of McDowell, accompanied by his wife, was a visitor here yesterday. Mr. Gill spent the afternoon looking up a location here for a brother and his family in Texas who wish to come to Tempe and rent a ranch near town in order that their children may attend the Normal. Mr. Gill reports things quiet and peaceful at the reservation but he has resigned his position there and with his family, will shortly leave for California for the summer.

TO IRON SPRINGS.

Mr. and Mrs. W. Lukin, Joe and Ruby Lukin, Mrs. S. N. Lukin and children and Mrs. A. S. Herzberg and son will leave tonight for Iron Springs for the summer. Mr. Lukin will return to enjoy the weather here as soon as the rest of the family is comfortably located at the Springs.

HEARING THIS MORNING. Miguel Umado, Nabor Cota and Juan Alvarez, the three men being held in Phoenix on a felony charge, which consists in having resisted an officer in the performance of his duty,

will be brought over from Phoenix this morning and will be arraigned before Justice Nielsen at 9 o'clock. The victim of their assault, Constable Sigala, is about well again and ready to appear before them. The fourth man in the case has not yet been apprehended though it was at first thought that no difficulty would be experienced in landing him within a day or two. He has in some manner managed to keep out of sight of the officers.

SHORT NOTES.

Druggist Harmer was a visitor in Phoenix yesterday afternoon.

Mrs. W. P. Richards, on of Phoenix was a visitor here yesterday.

T. R. Teasdale, representing the Hamilton Brown Shoe Co., was a caller here yesterday.

Jas. Teeter and mother left Thursday evening for Los Angeles for the summer.

The Misses Redfield who have been stopping at the Casa Loma, left yesterday morning for Iron Springs. They will return about September 1st.

H. G. Carson is moving today to one of the Lukin cottages on Eighth street. The place he has rented having been bought by Thos. Dines.

The city will get water this afternoon at 1 o'clock.

Tommy Irvine of Phoenix spent yesterday on the south side.

Electrical message at Cohen's shop.

CHURCH NOTICES.

Try an electrical massage at Cohen's barber shop, Casa Loma block.

STATES GETTING READY FOR NATIONAL SHOOT

Much is Said to be Expected of Arizona's Team at Camp Perry.

Washington, D. C., July 7.—(Special correspondence of The Republican)—The competition for places on the Michigan team for the national matches will be held at Fort Huron early in July. All who have qualified as sharpshooters during the last season's practice or this season up to July 1st, will be permitted to compete for places on this team provided they have performed 75 per cent of military duty during the preceding twelve months. The Michigan Commandery of the Military Order of Forest Wars have presented a handsome gold medal to be competed for by officers of the Michigan National Guard. This competition will embrace both rifle and pistol shooting. It is hoped that the Michigan range will be sufficiently completed by September of this year to permit the holding of a state tournament in September.

A handsome trophy to be known as the McGurkin Shield will be awarded to the company of the Michigan National Guard having the highest degree of merit in indoor target practice with the .22 calibre rifle during the past winter. It will be contested for annually. The background is of rosewood while the center is of highly polished silver. It was donated by the friends of Gen. McGurkin, who has taken such great interest in rifle practice in the Michigan Guard.

The prospect of Lt. E. R. Peale, of Massachusetts being debarred from a place on the Massachusetts team for the national matches is attracting considerable attention in that state. Lt. Peale is a member of Company E of the naval brigade and under the law no naval militiaman can be a member of any team representing any state of the union at the national match.

In his annual report to Governor Broward of Florida, Maj. John A. Dapray, U. S. A., who has been acting as instructor of the Florida state troops, says that the opportunities for men to become familiar with firearms in Florida are such as lead to the admission that with proper encouragement and opportunity to practice with the military rifle, Floridians will excel in their use. "Admitting therefore that the chief aim of the military policy of a state is to provide for the military reserve while at the same time maintaining an efficient organized militia force for emergency use," says Major Dapray, "it will be readily seen that the turning into civil life each year of several hundred expert marksmen will make Florida rich in a military reserve force of unusual value to the nation in time of war."

Arizona expects to be represented at the national rifle matches at Camp Perry next August. A team of twenty men will be sent under charge of Maj. L. W. Coggin, state inspector of rifle practice. As there are many fine shots in the Arizona National Guard, it is expected the team will give a good account of itself. Preliminary practice will take place at Camp Brodie, seven miles northeast of Prescott, which is directly on the Whipple Barracks target range, one of the best in the southwest. Adj. Gen. Leavelle has received a shipment of 24,000 rounds of ammunition, targets, target frames and other range facilities.

By order of the Michigan legislature every national guard officer who commanded a troop, battery or battalion when President Roosevelt was in Lansing recently, will receive an engraved certificate, testifying to the appearance of their commands, their attention to duty, and the soldierly manner in which such duty was performed. No state is doing more than Michigan to encourage rifle practice and the work of the national guard.

The national rifle association has received a number of accessions to membership. Among them are: 2nd class organizations: 1st Regiment Minnesota National Guard; 2nd Regiment Missouri National Guard; 5th Regiment Missouri National Guard. 3rd class, civilian: Harvard Rifle and Pistol Club, Massachusetts Institute

of Technology Rifle Club; Seattle Rifle and Revolver Association; South Providence Rifle and Revolver Club; Public Schools Athletic Club of New York City. Among those who have recently become life members of the association are: Maj. Gen. J. Franklin Bell, chief of staff, U. S. Army; Senator George P. Wetmore, Rhode Island; Winchester Bennett New Haven Conn.; Former Assistant Secretary of War, Col. Wm. Carey Sanger; Col. Alexander R. Lawton, Savannah, Ga.; Postmaster General George von L. Myer; T. G. Bennett, New Haven, Conn.; Geo. Wm. Crozier, chief of ordnance, U. S. Army, and others.

Col. W. L. McGee of Franklinton, N. C. has been engaged in completing a site for rifle range at Camp Glenn, the state department grounds near Morehead City. The range has been inspected by a U. S. Army officer and approved in every respect. The backstops will be 35 feet high and should a wild shot go over the top, it would cross over a swamp and an uninhabited country one mile wide, 100 to 200 feet high and fall into the shallow waters of Bogue Sound.

It is a source of regret that the Philippines will not be represented by a team at the national matches. The military authorities in the Philippines requested permission to send a team, the membership of which should come from those regiments under orders to return to the United States. The war department disapproved the suggestion, as it would necessitate some members returning fully five months ahead of the regiments and would thus operate as a discrimination against those members of the Philippines division team whose regiments are not under orders to return home.

Capt. Jackson Morris of the D. C. N. G. who has been inspecting possible rifle ranges in the vicinity of Lexington, Ky., has decided that none of the sites offered are available for the purpose. It is probable one will be purchased in the vicinity of Frankfort, where the bluffs of the Ohio river furnish a good backstop.

WATER NOTICE.

All sprinkling must be done between the hours of 5 and 7 a. m., and 5 and 9 p. m. If sprinkling is done during any other hours, water will be shut off without notice. All sprinkling must be done through a nozzle not larger than 1-4 inch, and under the supervision of some person on the premises. R. A. CRAIG, Supt. Water Dpt.
